ME CONSULTING

We're all in

A unified approach is the backbone of the M&E proven process. Our core values give us the freedom to create and explore without sacrificing the unity that delivers consistent results. It is what powers our attitude, draws attention to details and ensures timely professional, considerate communication to our clients every step of the way.

Our tool bag

EOS® Entrepreneurial Operating System®

Operational excellence is something we take time to nurture. This system instills a shared vision and creates a highly focused and functional team.

AUTODESK Construction Cloud

This application is a comprehensive suite of cloud-based software tools designed to improve collaboration and efficiency in construction project management.

AUTODESK REVIT

This software is specifically built for Building Information Modeling (BIM), including features for architectural design, MEP and structural engineering, and construction.

Our niche

Engineering Environments

Our core focus

Providing comfort, peace and protection to mankind

Our core values

- Be Humbly Confident
- Build a Healthy and Positive Team
- Build Open and Honest Relationships
- Respond Timely and Timely Delivery
- Be Intelligently Inquisitive
- Bring Peaceful Solutions

What our clients are saying

M&E excels at challenges. Their staff has the experience to enhance the performance of our designs. Schedules few companies could successfully deliver, coupled with a creative can do attitude, are attributes that define M&E. We look forward to future opportunities.

Wayne Domingue, AQ Studios (Emeritus)

For over 10+ years, my experience with M&E is that projects are completed ahead of schedule and installed without complication. Their technical expertise and professionalism is a cut above the rest.

Bill Aldridge, Ballard CLS
